

.XRY

XACT

The leading company in mobile phone forensics

IN RESPONSE TO DEMAND FROM CUSTOMERS WORLD-WIDE, MICRO SYSTEMATION HAS DEVELOPED A SHOCK RESISTANT, WEATHERPROOF ALL-IN-ONE FIELD VERSION OF ITS MOBILE PHONE FORENSIC SYSTEMS – .XRY AND XACT – WIDELY ACKNOWLEDGED AS THE INDUSTRY STANDARD.

FIELD VERSION 2

FIELD VERSION 2 IS IDEALLY SUITED FOR MOBILE UNITS IN DEMANDING CONDITIONS

MICRO SYSTEMATION

www.msab.com

FIELD VERSION 2 meets the highest standards (mil-801). The less than 4 kg (9 lb.) Field Version 2 is designed for crime scene investigators, mobile units of military intelligence, law enforcement and international organizations, such as United Nations peacekeeping forces. These organizations often require portable, self-sufficient forensic kits that are flexible, quick to use and easy to link to headquarters or remote computers.

The all-in-one system features a Panasonic Toughbook U1 – with the latest version of Micro Systemation’s software installed and configured – cables, SIM card reader, infrared and Bluetooth communications, as well as hot swappable batteries that last up to 9 hours.

The shock resistant case meets the highest standards and is produced by Storm Case™. Field Version 2 contains everything – hardware and software – required to perform a complete and rapid analysis for the majority of all mobile phones. Field Version 2 is equipped with a shockproof 32Gb Solid State Drive (SSD). All software, and cables for most mobile phone manufacturers, are manufactured by Micro Systemation. This ensures that all parts are fully integrated and validated for the system. Customers enjoy the security of working with a solution in which all the components work together effectively, significantly minimizing problems and support issues.

Field Version 2 can be ordered with a keyboard in most local languages.

Micro Systemation’s .XRY and XACT are today recognized as the industry standard in mobile phone forensics and is widely used by law enforcement agencies and other organizations around the world.

Highly robust case

The highly durable case, manufactured by Storm Case™, features press and pull latches, Vortex® valve – that automatically adjusts air pressure without letting in water, unbreakable molded-in hasps and soft-grip, solid-core carrying handle.

Exterior case dimensions (L x W x H): 16.2 x 12.7 x 6.6 in. 411 x 323 x 168 mm.
